Cornea & Contact Lens Services

The contact lens service at UEC provides a wide variety of options for cosmetic and medically necessary contact lenses as well as patients requiring an ocular prosthesis.

Our providers specialize in contact lens fittings for:

- Nearsightedness
- Farsightedness
- Astigmatism
- Presbyopia
- Aphakia (adult and pediatric)
- Myopia Management (please refer directly to Myopia Management Clinic)
- Keratoconus and other corneal ectasias
- Irregular Cornea
- Post-Surgical Cornea
- Ocular Surface Disease
- Ocular Trauma
- Prosthetic Contact Lenses

Cornea clinic offers consultations for:

- Neurotrophic Keratitis
- Corneal Degenerations
- Corneal Dystrophies
- Corneal Transplants
- Collagen Crosslinking to slow down the progression of Keratoconus
- Stromal Puncture to treat recurrent corneal erosions
- Embryonic Membrane (e.g. Prokera)
- Limbal Stem Cell Deficiency

Additionally, we offer full shell and cover shell prosthetic options.

To refer a patient call (888) 327-5533 or visit www.universityeyecenter.org/referrals
Most major insurances accepted, patients responsible for self-pay or non-covered services.
Financial Assistance may be available to eligible patients.
